## IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Violet Water Supply Corporation has violated the monitoring and reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Chapter 30, Section 290, Subchapter F. Even though these were not emergencies, as our customers, you have the right to know what happened and what we are doing to correct these situations.

*We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During June 1-Sept. 30, 2016, we did not complete all monitoring and testing for lead and copper and therefore cannot be sure of the quality of your drinking water during this time.*

The table below lists the contaminants we did not properly test for during the last year, how often we are supposed to sample for lead and copper, how many samples we are supposed to take, and how many samples we took, when samples should have been taken, and the date on which the follow-up samples will be taken.

Contaminant	Required Sampling Frequency	Number of Samples Taken	When Samples Should Have Been Taken	When Samples Were or Will Be Taken
Lead & Copper Tap Water Sampling	10 Samples every Three Years	0	June 1-September 30, 2016	January 1-June 30, 2017

### What is being done?

We are working to correct the problem? For more information, please contact Linda Visor at 361-387-3350 or P.O. Box 1146 Robstown, TX 78380.

### Corrective Actions:

1. Sample bottles and information will be ordered and samples will be taken between January 1, 2017 and June 30, 2017.

This notice is being sent to you by Violet Water Supply Corporation, Public Water System TX #1780015.

Date Distributed: November 28, 2016
